

## L02

# LOLER THOROUGH EXAMINER (TREE CARE SPECIFIC)

► **Pre-Course Requirements:** To attend this course we recommend trainees have a minimum of 5 years industry specific practical experience of aerial activities, including dismantling and are up to date with current industry best practice. Please contact Richard on 07813 012024 if you wish to discuss this.

This course is intended for experienced personnel to help ensure lifting operations (including tree climbing) are carried out safely. Enables employers, the employed and self employed to understand and meet the obligations of PUWER and LOLER regulations in relation to lifting operations within the tree care industry.

### Why Treepartner Training?

- *Maximum 4:1 trainee to instructor ratio*
- *Delivered by instructors with extensive and current experience*
- *Wide range of examples of climbing and rigging components and systems*
- *Introduces the concepts of component compatibility and configuration*
- *Courses tailored to your organisation*

■ **This 4 day course** will cover the following topics:

- The Legislative framework
- Responsibilities of a 'competent person'
- Equipment marking, inspection and maintenance
- Neighbour component compatibility and correct component configuration
- Lifting system design
- Decision making procedures to accept, quarantine or reject components
- Record keeping and reporting

### COURSE FEES

Price per person (4 days)

£750

### Notes
